

## Vogue's Official Guide to Miami

BY ELISE TAYLOR

November 24, 2022

As the temperature drops, there's one destination that always beckons: Miami, Florida. With its crystalline waters, art deco architecture, and lively atmosphere, it's America's perennial warm-weather getaway.

But with so much to explore and choose between—*do I stay in Miami Beach, or the Design District? Do I want a cultural experience or, erm, a club experience?*—journeying to the urban oasis can be overwhelming. So we asked *Vogue* staffers to share their favorite haunts in Miami, from hotels to restaurants to nightlife. Below, our recommendations—and what to wear while you're visiting them.

### Where to Stay

The Faena in Miami Beach. Courtesy of The Faena.

## **Faena, Miami Beach**

When in Miami, I like to lean into its excessive, chaotic glamour—which means the Faena, a maximalist fever dream, is my hotel of choice. The bold red and turquoise color scheme in all the rooms? *100 percent yes*. Animal print coaches with gilded chandeliers in the lobby? *Here for it*. Plus, it's an art lover's paradise: Damian Hirst's "Gone but not Forgotten," a gold-leafed woolly mammoth skeleton, sits on its grounds, and during Art Basel, they always have an avant-garde installation. (Last year? A carousel by Raúl de Nieves.)
