Faena Hotel Miami Beach - Florida

Located on a gorgeous stretch of Miami Beach, Faena District Miami Beach, the 169-room hotel designed by visionary Alan Faena is the ideal destination for a winter escape. Faena Hotel Miami Beach features an artful visual language that recalls the glamour of the 1950s with stunning Art Deco appeal. To make his vision come to life, he enlisted film director/producer Baz Luhrmann and Academy Award winning costume designer Catherine Martin to develop the narrative for what would become the essence of Faena Hotel Miami Beach. Together they created an artful visual language that recalls the glamour of the 1950s: stunning Art Deco appeal, old-world grandeur, hardwood floors, sumptuous Faena Red velvet and cool blue tiled bathrooms. As part of our commitment to transform the ordinary to the extraordinary, Faena Hotel Miami Beach features remarkable works by artists including Damien Hirst, Jeff Koons, Alberto Garutti, Gonzalo Fuenmayor, Manuel Ameztoy and Juan Gatti. Faena Hotel Miami Beach is also home to Los Fuegos by Chef Francis Mallmann, Pao, Faena Theater, and the Tierra Santa Healing House, a one-of-a-kind South American inspired spa with a holistic approach to healing, fitness and relaxation.
