9. Tierra Santa Healing House at the Faena Hotel

At the Faena Hotel, the Tierra Santa Healing House is an uber-luxe, 22,000-square-foot sanctuary featuring one of the largest Turkish baths on the East Coast. Here, the spa specializes in shaman-developed body-healing rituals and treatments, as well as technologically advanced facial treatments. No matter what session you choose, make sure to arrive with enough time to visit the Wet Spa, complete with water treatments, steam and sauna rooms and more. Though you may catch a few hotel guests on your way in, this spa is remarkably serene. It may even make you feel like you're on vacation.
